HOW TO CITE RULES AND RSMo

RULES—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 26, *Missouri Register*, page 27. The approved short form of citation is 26 MoReg 27.

The rules are codified in the Code of State Regulations in this system—

 Title
 Code of State Regulations
 Division
 Chapter
 Rule

 1
 CSR
 10 1.
 010

 Department
 Agency, Division
 General area regulated
 Specific area regulated

They are properly cited by using the full citation, i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division in the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

RSMo—Cite material in the RSMo by date of legislative action. The note in parentheses gives the original and amended legislative history. The Office of the Revisor of Statutes recognizes that this practice gives users a concise legislative history.

Rulemaking Manual Update

The binders have been completed, our "sample" copies received, and they look very nice! If you are in to file rules, please feel free to ask to take a peek! We believe the binder, which will sit on your desktop and place the various steps of the rulemaking process right at your fingertips, will be of great benefit to you - our user. Look for dates in upcoming editions of this publication where we will be announcing the date for the presentation of this manual to you.

Please WATCH your diskette content!!

The content of the diskette you file with a proposed or emergency rulemaking should be formatted in Microsoft Word and reflect an exact mirror image of the text of the rulemaking you are filing. We have observed that many times this is not the case. Please be certain to save your final revisions and supply us with that version on your diskette when filing your rules. This will only help to make the rulemaking process more efficient and will also be of assistance to you when you seek a diskette copy of your rule from us in the future.

The exception to this content would be final orders of rulemaking. On a final order of rulemaking diskette, please cover your public comments, if any, and where you have comments, please continue to summarize those comments. You need only furnish the changes in language (or, the explanation reference, *i.e.*, amended, rescinded, adopted, or withdrawn) made between the proposed and final order of rulemaking.

As always, please feel free to contact us if we may be of assistance to you in any stage of the rulemaking process.

Director, Administrative Rules Division

ules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the Missouri and the United States Constitutions; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons and findings which support its conclusion that there is an immediate danger to the public health, safety or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

ules filed as emergency rules may be effective not less than ten days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

Il emergency rules must state the period during which they are in effect, and in no case can they be in effect more than 180 calendar days or 30 legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

Title 20—DEPARTMENT OF INSURANCE Division 100—Division of Consumer Affairs Chapter 6—Privacy of Consumer Information

EMERGENCY RULE

20 CSR 100-6.100 Privacy of Financial Information

PURPOSE: The purpose of this rule is to effectuate, interpret and carry out the provisions of House Bill No. 801, 91st General Assembly, 1st Regular Session (2001) and the provisions of Senate Bill No. 382, 91st General Assembly, 1st Regular Session (2001), regarding the disclosure of nonpublic personal information by licensees of the director.

EMERGENCY STATEMENT: H.B. 801, 91st General Assembly, 1st Regular Session (2001) and Senate Bill No. 382, 91st General Assembly, 1st Regular Session (2001) were enacted as emergency measures for the immediate preservation of the public health, welfare, peace and safety to prohibit disclosure of personal financial information in violation of Title V, Subtitle A—Disclosure of Nonpublic Personal Information, of the federal statute known as the Gramm-Leach-Bliley Act Financial Modernization Act of 1999 (15 U.S.C. 6801 to 6809). Those bills become effective on July 1, 2001. There are no regulations federal or otherwise interpreting Title V as it applies to the insurance industry, even though Title V did apply to the insurance industry upon enactment, because

Congress specifically left this regulatory and enforcement task to the states. H.B. 801 and S.B. 382, in addition to requiring insurance licensees to comply with Title V, authorize the director to fill this regulatory void through rules not more restrictive than standards contained in Title V. In addition, H.B. 801 and S.B. 382 require compliance with Title V immediately, except for some of the notice provisions.

Failure to comply with Title V subjects the director's licensees to discipline, yet the industry has no industry-specific regulations to follow. Moreover, Missouri consumers have no insurance industry specific standards to rely upon respecting the disclosure of their non-public personal information. Therefore, both the public and licensees have an immediate need for the director to interpret and to carry out the provisions of the bills as they apply to the insurance industry. The director, therefore, finds that the adoption of this Emergency Rule is necessary to prevent immediate danger to the public health, safety, and welfare, which can be met only through the adoption of this emergency rule, resulting from the new statutes becoming effective without corresponding industry specific rules for licensees to follow.

On October 11, 2000, the director issued Bulletin 00-03 in response to industry concern that although the federal functional regulators had implemented a stay until July 1, 2001, for compliance with Title V, no one had given the insurance industry a similar stay. The bulletin advised the insurance industry that should the director be given statutory authority to adopt rules to carry out the provisions of Title V, the director intended to stay compliance until July 1, 2001. The bulletin further advised that the NAIC model "Privacy of Consumer Financial and Health Information Regulation" adopted by the NAIC on September 26, 2000 offered a useful guide for those wishing to be in compliance with any regulation that might be promulgated on or before July 1, 2001. The bulletin was mailed to all authorized Missouri carriers within days of its issuance and was posted on the department's web site on the date of its issuance. Since that time the department has consistently advised those asking for compliance guidance to look to the NAIC model regulation. It has received comments from industry regarding the appropriateness of parts of the NAIC model regulation.

This emergency rule is substantially similar, except for the deletion of Article V, to the NAIC's model "Privacy of Consumer Financial and Health Information Regulation" adopted by the NAIC on September 26, 2000, after considerable opportunity for comment by the insurance industry.

The director intends to promulgate a proposed rule, substantially the same as this emergency regulation, soon after filing this regulation. That process will afford both the public and the industry an opportunity to comment. Based on the foregoing, the director finds that the department limited this emergency rule in scope to the circumstance creating the emergency and complied with the protection extended by the Missouri and United States Constitutions. The director further finds that the department followed procedures best calculated to be fair to all interested persons and parties under the circumstances in the making and adoption of this emergency rule.

This emergency rule, filed and adopted on June 21, 2001, shall become effective on July 1, 2001, and shall expire on December 28, 2001.

Institutions chartered by Congress specifically to engage in securitizations, secondary market sales (including sales of servicing rights) or similar transactions related to a transaction of a consumer, as long as the institutions do not sell or transfer non-public personal information to a nonaffiliated third party.
- (L) "Financial product of service" means any product or service that a financial holding company could offer by engaging in an activity that is financial in nature or incidental to such a financial activity under Section 4(k) of the Bank Holding Company Act of 1956 (12 U.S.C. 1843(k)). Financial service includes a financial institution's evaluation or brokerage of information that the financial institution collects in connection with a request or an application from a consumer for a financial product or service.
- (M) "Insurance product or service" means any product or service that is offered by a licensee pursuant to the insurance laws of this state. Insurance service includes a licensee's evaluation, brokerage or distribution of information that the licensee collects in connection with a request or an application from a consumer for a insurance product or service.
- (N) "Licensee" means all licensed insurers, producers and other persons licensed or required to be licensed, or authorized or required to be authorized, or registered or required to be registered by the director pursuant to the laws of this state.
- 1. A licensee is not subject to the notice and opt out requirements for nonpublic personal financial information set forth in sections (1), (2), (3), and (4) of this rule if the licensee is an employee, agent or other representative of another licensee ("the principal") and:

- A. The principal otherwise complies with, and provides the notices required by, the provisions of this rule; and
- B. The licensee does not disclose any nonpublic personal information to any person other than the principal or its affiliates in a manner permitted by this rule.
 - 2. Nonadmitted insurers.
- A. Subject to subparagraph (1)(N)1.B., "licensee" shall also include a non-admitted insurer that accepts business placed through a licensed surplus lines broker in this state, but only in regard to the surplus lines placements placed pursuant to Chapter 384, RSMo.
- B. A surplus lines broker or surplus lines insurer shall be deemed to be in compliance with the notice and opt out requirements for nonpublic personal financial information set forth in sections (1), (2), (3), and (4) of this rule provided:
- (I) The broker or insurer does not disclose nonpublic personal information of a consumer or a customer to nonaffiliated third parties for any purpose, including joint servicing or marketing under subsection (4)(A) of this rule, except as permitted by subsections (4)(B) or (4)(C) of this rule; and
- (II) The broker or insurer delivers a notice to the consumer at the time a customer relationship is established on which the following is printed in 16-point type:

PRIVACY NOTICE

"NEITHER THE U.S. BROKERS THAT HANDLED THIS INSURANCE NOR THE INSURERS THAT HAVE UNDERWRITTEN THIS INSURANCE WILL DISCLOSE NON-PUBLIC PERSONAL INFORMATION CONCERNING THE BUYER TO NONAFFILIATES OF THE BROKERS OR INSURERS EXCEPT AS PERMITTED BY LAW.

- (O) "Nonaffiliated third party"
 - 1. "Nonaffiliated third party" means any person except:
 - A. A licensee's affiliate; or
- B. A person employed jointly by a licensee and any company that is not the licensee's affiliate (but nonaffiliated third party includes the other company that jointly employs the person).
- 2. Nonaffiliated third party includes any company that is an affiliate solely by virtue of the direct or indirect ownership or control of the company by the licensee or its affiliate in conducting merchant banking or investment banking activities of the type described in Section 4(k)(4)(H) or insurance company investment activities of the type described in Section 4(k)(4)(I) of the federal Bank Holding Company Act (12 U.S.C. 1843(k)(4)(H) and (I)).
- (P) "Nonpublic personal information" means nonpublic personal financial information.
 - (Q) "Nonpublic personal financial information"
 - 1. "Nonpublic personal financial information" means:
 - A. Personally identifiable financial information; and
- B. Any list, description or other grouping of consumers (and publicly available information pertaining to them) that is derived using any personally identifiable financial information that is not publicly available.
 - 2. Nonpublic personal financial information does not include:
- A. Publicly available information, except as included on a list described in subparagraph (1)(Q)1.B.; or
- B. Any list, description or other grouping of consumers (and publicly available information pertaining to them) that is derived without using any personally identifiable financial information that is not publicly available.
 - (I) Examples of lists.
- (a) Nonpublic personal financial information includes any list of individuals' names and street addresses that is derived

in whole or in part using personally identifiable financial information that is not publicly available, such as account numbers.

- (b) Nonpublic personal financial information does not include any list of individuals' names and addresses that contains only publicly available information, is not derived in whole or in part using personally identifiable financial information that is not publicly available, and is not disclosed in a manner that indicates that any of the individuals on the list is a consumer of a financial institution.
 - (R) "Personally identifiable financial information."
- 1. "Personally identifiable financial information" means any information:
- A. A consumer provides to a licensee to obtain an insurance product or service from the licensee;
- B. About a consumer resulting from a transaction involving an insurance product or service between a licensee and a consumer; or
- C. The licensee otherwise obtains about a consumer in connection with providing an insurance product or service to that consumer.
 - 2. Examples.
- A. Information included. Personally identifiable financial information includes:
- (I) Information a consumer provides to a licensee on an application to obtain an insurance product of service;
 - (II) Account balance information and payment history;
- (III) The fact that an individual is or has been one of the licensee's customers or has obtained an insurance product or service from the licensee;
- (IV) Any information about the licensee's consumer if it is disclosed in a manner that indicates that the individual is or has been the licensee's consumer;
- (V) Any information that a consumer provides to a licensee or that the licensee or its agent otherwise obtains in connection with collecting on a loan or servicing a loan;
- (VI) Any information the licensee collects through an Internet cookie (an information-collecting device from a web server); and
 - (VII) Information from a consumer report.
- B. Information not included. Personally identifiable financial information does not include:
- (I) A list of names and addresses of customers of an entity that is not a financial institution; and
- (II) Information that does not identify a consumer, such as aggregate information or blind data that does not contain personal identifiers such as account numbers, names or addresses.
 - (S) "Publicly available information."
- 1. "Publicly available information" means any information that a licensee has a reasonable basis to believe is lawfully made available to the general public from:
 - A. Federal, state or local government records;
 - B. Widely distributed media; or
- C. Disclosures to the general public that are required to be made by federal, state or local law.
- 2. Reasonable basis. A licensee has a reasonable basis to believe that information is lawfully made available to the general public if the licensee has taken steps to determine:
- A. That the information is of the type that is available to the general public; and
- B. Whether an individual can direct that the information not be made available to the general public and, if so, that the licensee's consumer has not done so.
 - 3. Examples.
- A. Government records. Publicly available information in government records includes information in government real estate records and security interest filings.
- B. Widely distributed media. Publicly available information from widely distributed media includes information from a tele-

phone book, a television or radio program, a newspaper or a web site that is available to the general public on an unrestricted basis. A web site is not restricted merely because an Internet service provider or a site operator requires a fee or a password, so long as access is available to the general public.

C. Reasonable basis.

- (I) A licensee has a reasonable basis to believe that mortgage information is lawfully made available to the general public if the licensee has determined that the information is of the type included on the public record in the jurisdiction where the mortgage would be recorded.
- (II) A licensee has a reasonable basis to believe that an individual's telephone number is lawfully made available to the general public if the licensee has located the telephone number in the telephone book or the consumer has informed you that the telephone number is not unlisted.
- (2) Privacy and opt out notices for financial information.
 - (A) Initial Privacy Notice to Consumers Required.
- 1. Initial notice requirement. A licensee shall provide a clear and conspicuous notice that accurately reflects its privacy policies and practices to:
- A. Customer. An individual who becomes the licensee's customer, not later than when the licensee establishes a customer relationship, except as provided in paragraph (2)(A)5.; and
- B. Consumer. A consumer, before the licensee discloses any nonpublic personal financial information about the consumer to any nonaffiliated third party, if the licensee makes a disclosure other than as authorized by subsections (4)(B) and (4)(C).
- 2. When initial notice to a consumer is not required. A licensee is not required to provide an initial notice to a consumer under subparagraph (2)(A)1.B. if:
- A. The licensee does not disclose any nonpublic personal financial information about the consumer to any nonaffiliated third party, other than as authorized by subsections (4)(B) and (4)(C), and the licensee does not have a customer relationship with the consumer; or
- B. A notice has been provided by an affiliated licensee, as long as the notice clearly identifies all licensees to whom the notice applies and is accurate with respect to the licensee and the other institutions.
 - 3. When the licensee establishes a customer relationship.
- A. General rule. A licensee establishes a customer relationship at the time the licensee and the consumer enter into a continuing relationship.
- B. Examples of establishing customer relationship. A licensee establishes a customer relationship when the consumer:
- (I) Becomes a policyholder of a licensee that is an insurer when the insurer delivers an insurance policy or contract to the consumer, or in the case of a licensee that is an insurance producer or insurance broker, obtains insurance through that licensee; or
- (II) Agrees to obtain financial, economic or investment advisory services relating to insurance products or services for a fee from the licensee.
- 4. Existing customers. When an existing customer obtains a new insurance product or service from a licensee that is to be used primarily for personal, family or household purposes, the licensee satisfies the initial notice requirements of paragraph (2)(A)1. as follows:
- A. The licensee may provide a revised policy notice, under subsection (2)(E), that covers the customer's new insurance product or service; or
- B. If the initial, revised or annual notice that the licensee most recently provided to that customer was accurate with respect to the new insurance product or service, the licensee does not need to provide a new privacy notice under subsection (2)(A)1.
 - 5. Exceptions to allow subsequent delivery of notice.

- A. A licensee may provide the initial notice required by paragraph (2)(A)1. of this section within a reasonable time after the licensee establishes a customer relationship if:
- (I) Establishing the customer relationship is not at the customer's election; or
- (II) Providing notice not later than when the licensee establishes a customer relationship would substantially delay the customer's transaction and the customer agrees to receive the notice at a later time.
 - B. Examples of exceptions.
- (I) Not at customer's election. Establishing a customer relationship is not at the customer's election if a licensee acquires or is assigned a customer's policy from another financial institution or residual market mechanism and the customer does not have a choice about the licensee's acquisition or assignment.
- (II) Substantial delay of customer's transaction. Providing notice not later than when a licensee establishes a customer relationship would substantially delay the customer's transaction when the licensee and the individual agree over the telephone to enter into a customer relationship involving prompt delivery of the insurance product or service.
- (III) No substantial delay of customer's transaction. Providing notice not later than when a licensee establishes a customer relationship would not substantially delay the customer's transaction when the relationship is initiated in person at the licensee's office or through other means by which the customer may view the notice, such as on a web site.
- 6. Delivery. When a licensee is required to deliver an initial privacy notice by this section, the licensee shall deliver it according to subsection (2)(F). If the licensee uses a short-form initial notice for non-customers according to paragraph (2)(C)4., the licensee may deliver its privacy notice according to subparagraph (2)(C)4.C.
 - (B) Annual Privacy Notice to Customers Required.
- 1. General rule. A licensee shall provide a clear and conspicuous notice to customers that accurately reflects its privacy policies and practices not less than annually during the continuation of the customer relationship. Annually means at least once in any period of twelve (12) consecutive months during which that relationship exists. A licensee may define the twelve-consecutive-month period, but the licensee shall apply it to the customer on a consistent basis.
- 2. Example. A licensee provides a notice annually if it defines the twelve-consecutive-month period as a calendar year and provides the annual notice to the customer once in each calendar year following the calendar year in which the licensee provided the initial notice. For example, if a customer opens an account on any day of year 1, the licensee shall provide an annual notice to that customer by December 31 of year 2.
- 3. Termination of customer relationship. A licensee is not required to provide an annual notice to a former customer. A former customer is an individual with whom a licensee no longer has a continuing relationship.

A. Examples.

- (I) A licensee no longer has a continuing relationship with an individual if the individual no longer is a current policyholder of an insurance product or no longer obtains insurance services with or through the licensee.
- (II) A licensee no longer has a continuing relationship with an individual if the individual's policy is lapsed, expired or otherwise inactive or dormant under the licensee's business practices, and the licensee has not communicated with the customer about the relationship for a period of twelve (12) consecutive months, other than to provide annual privacy notices, material required by law or rule, or promotional materials.
- (III) For the purposes of this rule, a licensee no longer has a continuing relationship with an individual if the individual's last known address according to the licensee's records is deemed

- invalid. An address of record is deemed invalid if mail sent to that address by the licensee has been returned by the postal authorities as undeliverable and if subsequent attempts by the licensee to obtain a current valid address for the individual have been unsuccessful
- (IV) A licensee no longer has a continuing relationship with a customer in the case of providing real estate settlement services, at the time the customer completes execution of all documents related to the real estate closing, payment for those services has been received, or the licensee has completed all of its responsibilities with respect to the settlement, including filing documents on the public record, whichever is later.
- 4. Delivery. When a licensee is required by this section to deliver an annual privacy notice, the licensee shall deliver it according to subsection (2)(F).
 - (C) Information to be Included in Privacy Notices.
- 1. General rule. The initial, annual and revised privacy notices that a licensee provides under subsections (2)(A), (2)(B) and (2)(E) shall include each of the following items of information, in addition to any other information the licensee wishes to provide, that applies to the licensee and to the consumers to whom the licensee sends its privacy notice:
- A. The categories of nonpublic personal financial information that the licensee collects;
- B. The categories of nonpublic personal financial information that the licensee discloses;
- C. The categories of affiliates and nonaffiliated third parties to whom the licensee discloses nonpublic personal financial information, other than those parties to whom the licensee discloses information under subsections (4)(B) and (4)(C);
- D. The categories of nonpublic personal financial information about the licensee's former customers that the licensee discloses and the categories of affiliates and nonaffiliated third parties to whom the licensee discloses nonpublic personal financial information about the licensee's former customers, other than those parties to whom the licensee discloses information under subsections (4)(B) and (4)(C);
- E. If a licensee discloses nonpublic personal financial information to a nonaffiliated third party under subsection (4)(A) (and no other exception in subsections (4)(B) and (4)(C) applies to that disclosure), a separate description of the categories of information the licensee discloses and the categories of third parties with whom the licensee has contracted;
- F. An explanation of the consumer's right under paragraph (3)(A)1. to opt out of the disclosure of nonpublic personal financial information to nonaffiliated third parties, including the methods by which the consumer may exercise that right at that time;
- G. Any disclosures that the licensee makes under Section 603(d)(2)(A)(iii) of the federal Fair Credit Reporting Act (15 U.S.C. 1681a(d)(2)(A)(iii)) (that is, notices regarding the ability to opt out of disclosures of information among affiliates);
- H. The licensee's policies and practices with respect to protecting the confidentiality and security of nonpublic personal information; and
- I. Any disclosure that the licensee makes under paragraph (2)(C)2.
- 2. Description of parties subject to exceptions. If a licensee discloses nonpublic personal financial information as authorized under subsections (4)(B) and (4)(C), the licensee is not required to list those exceptions in the initial or annual privacy notices required by subsections (2)(A) and (2)(B). When describing the categories of parties to whom disclosure is made, the licensee is required to state only that it makes disclosures to other affiliated or nonaffiliated third parties, as applicable, as permitted by law.
 - 3. Examples.
- A. Categories of nonpublic personal financial information that the licensee collects. A licensee satisfies the requirement to categorize the nonpublic personal financial information it collects

if the licensee categorizes it according to the source of the information, as applicable:

- (I) Information from the consumer;
- (II) Information about the consumer's transactions with the licensee or its affiliates;
- (III) Information about the consumer's transactions with nonaffiliated third parties; and
 - (IV) Information from a consumer reporting agency.
- B. Categories of nonpublic personal financial information a licensee discloses.
- (I) A licensee satisfies the requirement to categorize nonpublic personal financial information it discloses if the licensee categorizes the information according to source, as described in subparagraph (2)(C)3.A., as applicable, and provides a few examples to illustrate the types of information in each category. These might include:
- (a) Information from the consumer, including application information, such as assets and income and identifying information, such as name, address and social security number;
- (b) Transaction information, such as information about balances, payment history and parties to the transaction; and
- (c) Information from consumer reports, such as a consumer's creditworthiness and credit history.
- (II) A licensee does not adequately categorize the information that it discloses if the licensee uses only general terms, such as transaction information about the consumer.
- (a) If a licensee reserves the right to disclose all of the nonpublic personal financial information about consumers that it collects, the licensee may simply state that fact without describing the categories or examples of nonpublic personal information that the licensee discloses.
- C. Categories of affiliates and nonaffiliated third parties to whom the licensee discloses.
- (I) A licensee satisfies the requirement to categorize the affiliates and nonaffiliated third parties to which the licensee discloses nonpublic personal financial information about consumers if the licensee identifies the types of businesses in which they engage.
- (II) Types of businesses may be described by general terms only if the licensee uses a few illustrative examples of significant lines of business. For example, a licensee may use the term financial products or services if it includes appropriate examples of significant lines of businesses, such as life insurer, automobile insurer, consumer banking or securities brokerage.
- (III) A licensee also may categorize the affiliates and nonaffiliated third parties to which it discloses nonpublic personal financial information about consumers using more detailed categories.
- D. Disclosures under exception for service providers and joint marketers. If a licensee discloses nonpublic personal financial information under the exception in subsection (4)(A) to a non-affiliated third party to market products or services that it offers alone or jointly with another financial institution, the licensee satisfies the disclosure requirement of subparagraph (2)(C)1.E. if it:
- (I) Lists the categories of nonpublic personal financial information it discloses, using the same categories and examples the licensee used to meet the requirements of subparagraph (2)(C)1.B., as applicable; and
 - (II) States whether the third party is:
- (a) A service provider that performs marketing services on the licensee's behalf or on behalf of the licensee and another financial institution; or
- (b) A financial institution with whom the licensee has a joint marketing agreement.
- E. Simplified notices. If a licensee does not disclose, and does not wish to reserve the right to disclose, nonpublic personal financial information about customers or former customers to affiliates or nonaffiliated third parties except as authorized under

- subsections (4)(B) and (4)(C), the licensee may simply state that fact, in addition to the information it shall provide under subparagraphs (2)(C)1.A., (2)(C)1.H., (2)(C)1.I., and paragraph (2)(C)2.
- F. Confidentiality and security. A licensee describes its policies and practices with respect to protecting the confidentiality and security of nonpublic personal financial information if it does both of the following:
- (I) Describes in general terms who is authorized to have access to the information; and
- (II) States whether the licensee has security practices and procedures in place to ensure the confidentiality of the information in accordance with the licensee's policy. The licensee is not required to describe technical information about the safeguards it uses.
- 4. Short-form initial notice with opt out notice for non-customers.
- A. A licensee may satisfy the initial notice requirements in subparagraph (2)(A)1.B. and paragraph (2)(D)4. for a consumer who is not a customer by providing a short-form initial notice at the same time as the licensee delivers an opt out notice as required in subsection (2)(D).
 - B. A short-form initial notice shall:
 - (I) Be clear and conspicuous;
- (II) State that the licensee's privacy notice is available upon request; and
- (III) Explain a reasonable means by which the consumer may obtain that notice.
- C. The licensee shall deliver its short-form initial notice according to subsection (2)(F). The licensee is not required to deliver its privacy notice with its short-form initial notice. The licensee instead may simply provide the consumer a reasonable means to obtain its privacy notice. If a consumer who receives the licensee's short-form notice requests the licensee's privacy notice, the licensee shall deliver its privacy notice according to subsection (2)(F).
- D. Examples of obtaining privacy notice. The licensee provides a reasonable means by which a consumer may obtain a copy of its privacy notice if the licensee:
- (I) Provides a toll-free telephone number that the consumer may call to request the notice; or
- (II) For a consumer who conducts business in person at the licensee's office, maintains copies of the notice on hand that the licensee provides to the consumer immediately upon request.
 - 5. Future disclosures. The licensee's notice may include:
- A. Categories of nonpublic personal financial information that the licensee reserves the right to disclose in the future, but does not currently disclose; and
- B. Categories of affiliates or nonaffiliated third parties to whom the licensee reserves the right in the future to disclose, but to whom the licensee does not currently disclose, nonpublic personal financial information.
- 6. Sample clauses. Sample clauses illustrating some of the notice content required by this section are included in Appendix A of this rule.
- (D) Form of Opt Out Notice to Consumers and Opt Out Methods.
- 1. Form of opt out notice. If a licensee is required to provide an opt out notice under paragraph (3)(A)1., it shall provide a clear and conspicuous notice to each of its consumers that accurately explains the right to opt out under that section. The notice shall state:
- A. That the licensee discloses or reserves the right to disclose nonpublic personal financial information about its consumer to a nonaffiliated third party;
- B. That the consumer has the right to opt out of that disclosure: and
- C. A reasonable means by which the consumer may exercise the opt out right.

2. Examples.

- A. Adequate opt out notice. A licensee provides adequate notice that the consumer can opt out of the disclosure of nonpublic personal financial information to a nonaffiliated third party if the licensee:
- (I) Identifies all of the categories of nonpublic personal financial information that it discloses or reserves the right to disclose, and all of the categories of nonaffiliated third parties to which the licensee discloses the information, as described in subparagraphs (2)(C)1.B. and (2)(C)1.C., and states that the consumer can opt out of the disclosure of that information; and
- (II) Identifies the insurance products or services that the consumer obtains from the licensee, either singly or jointly, to which the opt out direction would apply.
- B. Reasonable opt out means. A licensee provides a reasonable means to exercise an opt out right if it:
- (I) Designates check-off boxes in a prominent position on the relevant forms with the opt out notice;
- (II) Includes a reply form together with the opt out notice:
- (III) Provides an electronic means to opt out, such as a form that can be sent via electronic mail or a process at the licensee's web site, if the consumer agrees to the electronic delivery of information; or
- (IV) Provides a toll-free telephone number that consumers may call to opt out.
- C. Unreasonable opt out means. A licensee does not provide a reasonable means of opting out if:
- (I) The only means of opting out is for the consumer to write his or her own letter to exercise that opt out right; or
- (II) The only means of opting out as described in any notice subsequent to the initial notice is to use a check-off box that the licensee provided with the initial notice but did not include with the subsequent notice.
- D. Specific opt out means. A licensee may require each consumer to opt out through a specific means, as long as that means is reasonable for that consumer.
- 3. Same form as initial notice permitted. A licensee may provide the opt out notice together with or on the same written or electronic form as the initial notice the licensee provides in accordance with subsection (2)(A).
- 4. Initial notice required when opt out notice delivered subsequent to initial notice. If a licensee provides the opt out notice later than required for the initial notice in accordance with subsection (2)(A), the licensee shall also include a copy of the initial notice with the opt out notice in writing or, if the consumer agrees, electronically.

5. Joint relationships.

- A. If two (2) or more consumers jointly obtain an insurance product or service from a licensee, the licensee may provide a single opt out notice. The licensee's opt out notice shall explain how the licensee will treat an opt out direction by a joint consumer (as explained in subparagraph (2)(D)5.E.).
- B. Any of the joint consumers may exercise the right to opt out. The licensee may either:
- (I) Treat an opt out direction by a joint consumer as applying to all of the associated joint consumers; or
 - (II) Permit each joint consumer to opt out separately.
- C. If a licensee permits each joint consumer to opt out separately, the licensee shall permit one of the joint consumers to opt out on behalf of all of the joint consumers.
- D. A licensee may not require all joint consumers to opt out before it implements any opt out direction.
- E. Example. If John and Mary are both named policyholders on a homeowner's insurance policy issued by a licensee and the licensee sends policy statements to John's address, the licensee may do any of the following, but it shall explain in its opt out notice which opt out policy the licensee will follow:

- (I) Send a single opt out notice to John's address, but the licensee shall accept an opt out direction from either John or Mary.
- (II) Treat an opt out direction by either John or Mary as applying to the entire policy. If the licensee does so and John opts out, the licensee may not require Mary to opt out as well before implementing John's opt out direction.
- (III) Permit John and Mary to make different opt out directions. If the licensee does so:
- (a) It shall permit John and Mary to opt out for each other;
- (b) If both opt out, the licensee shall permit both of them to notify it in a single response (such as on a form or through a telephone call); and
- (c) If John opts out and Mary does not, the licensee may only disclose nonpublic personal financial information about Mary, but not about John and not about John and Mary jointly.
- 6. Time to comply with opt out. A licensee shall comply with a consumer's opt out direction as soon as reasonably practicable after the licensee receives it.
- 7. Continuing right to opt out. A consumer may exercise the right to opt out at any time.
 - 8. Duration of consumer's opt out direction.
- A. A consumer's direction to opt out under this section is effective until the consumer revokes it in writing or, if the consumer agrees, electronically.
- B. When a customer relationship terminates, the customer's opt out direction continues to apply to the nonpublic personal financial information that the licensee collected during or related to that relationship. If the individual subsequently establishes a new customer relationship with the licensee, the opt out direction that applied to the former relationship does not apply to the new relationship.
- 9. Delivery. When a licensee is required to deliver an opt out notice by this section, the licensee shall deliver it according to subsection (2)(F).
 - (E) Revised Privacy Notices.
- 1. General rule. Except as otherwise authorized in this rule, a licensee shall not, directly or through an affiliate, disclose any nonpublic personal financial information about a consumer to a nonaffiliated third party other than as described in the initial notice that the licensee provided to that consumer under subsection (2)(A), unless:
- A. The licensee has provided to the consumer a clear and conspicuous revised notice that accurately describes its policies and practices;
- B. The licensee has provided to the consumer a new opt out notice:
- C. The licensee has given the consumer a reasonable opportunity, before the licensee discloses the information to the nonaffiliated third party, to opt out of the disclosure; and
 - D. The consumer does not opt out.
 - 2. Examples.
- A. Except as otherwise permitted by subsections (4)(A), (4)(B), and (4)(C), a licensee shall provide a revised notice before it:
- (I) Discloses a new category of nonpublic personal financial information to any nonaffiliated third party;
- (II) Discloses nonpublic personal financial information to a new category of nonaffiliated third party; or
- (III) Discloses nonpublic personal financial information about a former customer to a nonaffiliated third party, if that former customer has not had the opportunity to exercise an opt out right regarding that disclosure.
- B. A revised notice is not required if the licensee discloses nonpublic personal financial information to a new nonaffiliated third party that the licensee adequately described in its prior notice.

- 3. Delivery. When a licensee is required to deliver a revised privacy notice by this section, the licensee shall deliver it according to subsection (2)(F).
 - (F) Delivery
- 1. How to provide notices. A licensee shall provide any notices that this rule requires so that each consumer can reasonably be expected to receive actual notice in writing or, if the consumer agrees, electronically.
- 2. Examples of reasonable expectation of actual notice. A licensee may reasonably expect that a consumer will receive actual notice if the licensee:
- A. Hand-delivers a printed copy of the notice to the consumer;
- B. Mails a printed copy of the notice to the last known address of the consumer separately, or in a policy, billing or other written communication;
- C. For a consumer who conducts transactions electronically, posts the notice on the electronic site and requires the consumer to acknowledge receipt of the notice as a necessary step to obtaining a particular insurance product or service;
- D. For an isolated transaction with a consumer, such as the licensee providing an insurance quote or selling the consumer travel insurance, posts the notice and requires the consumer to acknowledge receipt of the notice as a necessary step to obtaining the particular insurance product or service.
- 3. Examples of unreasonable expectation of actual notice. A licensee may not, however, reasonably expect that a consumer will receive actual notice of its privacy policies and practices if it:
- A. Only posts a sign in its office or generally publishes advertisements of its privacy policies and practices; or
- B. Sends the notice via electronic mail to a consumer who does not obtain an insurance product or service from the licensee electronically.
- 4. Annual notices only. A licensee may reasonably expect that a customer will receive actual notice of the licensee's annual privacy notice if:
- A. The customer uses the licensee's web site to access insurance products and services electronically and agrees to receive notices at the web site and the licensee posts its current privacy notice continuously in a clear and conspicuous manner on the web site; or
- B. The customer has requested that the licensee refrain from sending any information regarding the customer relationship, and the licensee's current privacy notice remains available to the customer upon request.
- 5. Oral description of notice insufficient. A licensee may not provide any notice required by this rule solely by orally explaining the notice, either in person or over the telephone.
 - 6. Retention or accessibility of notices for customers.
- A. For customers only, a licensee shall provide the initial notice required by subparagraph (2)(A)1.A., the annual notice required by paragraph (2)(B)1., and the revised notice required by subsection (2)(E) so that the customer can retain them or obtain them later in writing or, if the customer agrees, electronically.
- B. Examples of retention or accessibility. A licensee provides a privacy notice to the customer so that the customer can retain it or obtain it later if the licensee:
- (I) Hand-delivers a printed copy of the notice to the customer;
- (II) Mails a printed copy of the notice to the last known address of the customer; or
- (III) Makes its current privacy notice available on a web site (or a link to another web site) for the customer who obtains an insurance product or service electronically and agrees to receive the notice at the web site.
- 7. Joint notice with other financial institutions. A licensee may provide a joint notice from the licensee and one or more of its affiliates or other financial institutions, as identified in the notice,

- as long as the notice is accurate with respect to the licensee and the other institutions. A licensee also may provide a notice on behalf of another financial institution.
- 8. Joint relationships. If two (2) or more consumers jointly obtain an insurance product or service from a licensee, the licensee may satisfy the initial, annual and revised notice requirements of paragraphs (2)(A)1., (2)(B)1. and (2)(E)1., respectively, by providing one notice to those consumers jointly.
- (3) Limits on Disclosures of Financial Information.
- (A) Limits on Disclosure of Nonpublic Personal Financial Information to Nonaffiliated Third Parties.
- 1. Conditions for disclosure. Except as otherwise authorized in this rule, a licensee may not, directly or through any affiliate, disclose any nonpublic personal financial information about a consumer to a nonaffiliated third party unless:
- A. The licensee has provided to the consumer an initial notice as required under subsection (2)(A);
- B. The licensee has provided to the consumer an opt out notice as required in subsection (2)(D);
- C. The licensee has given the consumer a reasonable opportunity, before it discloses the information to the nonaffiliated third party, to opt out of the disclosure; and
 - D. The consumer does not opt out.
- 2. Opt out definition. Opt out means a direction by the consumer that the licensee not disclose nonpublic personal financial information about that consumer to a nonaffiliated third party, other than as permitted by subsections (4)(A), (4)(B), and (4)(C).
- A. Examples of reasonable opportunity to opt out. A licensee provides a consumer with a reasonable opportunity to opt out if:
- (I) By mail. The licensee mails the notices required in paragraph (3)(A)1. to the consumer and allows the consumer to opt out by mailing a form, calling a toll-free telephone number or any other reasonable means within thirty (30) days from the date the licensee mailed the notices.
- (II) By electronic means. A customer opens an on-line account with a licensee and agrees to receive the notices required in paragraph (3)(A)1. electronically, and the licensee allows the customer to opt out by any reasonable means within thirty (30) days after the date that the customer acknowledges receipt of the notices in conjunction with opening the account.
- (III) Isolated transaction with consumer. For an isolated transaction such as providing the consumer with an insurance quote, a licensee provides the consumer with a reasonable opportunity to opt out if the licensee provides the notices required in paragraph (3)(A)1. at the time of the transaction and requests that the consumer decide, as a necessary part of the transaction, whether to opt out before completing the transaction.
- Application of opt out to all consumers and all nonpublic personal financial information.
- A. A licensee shall comply with this section, regardless of whether the licensee and the consumer have established a customer relationship.
- B. Unless a licensee complies with this section, the licensee may not, directly or through any affiliate, disclose any nonpublic personal financial information about a consumer that the licensee has collected, regardless of whether the licensee collected it before or after receiving the direction to opt out from the consumer
- 4. Partial opt out. A licensee may allow a consumer to select certain nonpublic personal financial information or certain nonaffiliated third parties with respect to which the consumer wishes to opt out.
- (B) Limits on Redisclosure and Reuse of Nonpublic Personal Financial Information.
- 1. Information the licensee receives under an exception. If a licensee receives nonpublic personal financial information from a

nonaffiliated financial institution under an exception in subsections (4)(B) or (4)(C) of this rule, the licensee's disclosure and use of that information is limited as follows:

- A. The licensee may disclose the information to the affiliates of the financial institution from which the licensee received the information;
- B. The licensee may disclose the information to its affiliates, but the licensee's affiliates may, in turn, disclose and use the information only to the extent that the licensee may disclose and use the information; and
- C. The licensee may disclose and use the information pursuant to an exception in subsections (4)(B) or (4)(C) of this rule, in the ordinary course of business to carry out the activity covered by the exception under which the licensee received the information.
- (I) Example. If a licensee receives information from a nonaffiliated financial institution for claims settlement purposes, the licensee may disclose the information for fraud prevention, or in response to a properly authorized subpoena. The licensee may not disclose that information to a third party for marketing purposes or use that information for its own marketing purposes.
- 2. Information a licensee receives outside of an exception. If a licensee receives nonpublic personal financial information from a nonaffiliated financial institution other than under an exception in subsections (4)(B) or (4)(C) of this rule, the licensee may disclose the information only:
- A. To the affiliates of the financial institution from which the licensee received the information;
- B. To its affiliates, but its affiliates may, in turn, disclose the information only to the extent that the licensee may disclose the information; and
- C. To any other person, if the disclosure would be lawful if made directly to that person by the financial institution from which the licensee received the information. Example: If a licensee obtains a customer list from a nonaffiliated financial institution outside of the exceptions in subsections (4)(B) or (4)(C):
- (I) The licensee may use that list for its own purposes; and
- (II) The licensee may disclose that list to another nonaffiliated third party only if the financial institution from which the licensee purchased the list could have lawfully disclosed the list to that third party. That is, the licensee may disclose the list in accordance with the privacy policy of the financial institution from which the licensee received the list, as limited by the opt out direction of each consumer whose nonpublic personal financial information the licensee intends to disclose, and the licensee may disclose the list in accordance with an exception in subsections (4)(B) or (4)(C), such as to the licensee's attorneys or accountants.
- 3. Information a licensee discloses under an exception. If a licensee discloses nonpublic personal financial information to a nonaffiliated third party under an exception in subsections (4)(B) or (4)(C) of this rule, the third party may disclose and use that information only as follows:
- A. The third party may disclose the information to the licensee's affiliates;
- B. The third party may disclose the information to its affiliates, but its affiliates may, in turn, disclose and use the information only to the extent that the third party may disclose and use the information; and
- C. The third party may disclose and use the information pursuant to an exception in subsections (4)(B) or (4)(C) in the ordinary course of business to carry out the activity covered by the exception under which it received the information.
- 4. Information a licensee discloses outside of an exception. If a licensee discloses nonpublic personal financial information to a nonaffiliated third party other than under an exception in subsections (4)(B) or (4)(C) of this rule, the third party may disclose the information only:

- A. To the licensee's affiliates;
- B. To the third party's affiliates, but the third party's affiliates, in turn, may disclose the information only to the extent the third party can disclose the information; and
- C. To any other person, if the disclosure would be lawful if the licensee made it directly to that person.
- (C) Limits on Sharing Account Number Information for Marketing Purposes.
- 1. General prohibition on disclosure of account numbers. A licensee shall not, directly or through an affiliate, disclose, other than to a consumer reporting agency, a policy number or similar form of access number or access code for a consumer's policy or transaction account to any nonaffiliated third party for use in telemarketing, direct mail marketing or other marketing through electronic mail to the consumer.
- Exceptions. Paragraph (3)(C)1. does not apply if a licensee discloses a policy number or similar form of access number or access code:
- A. To the licensee's service provider solely in order to perform marketing for the licensee's own products or services, as long as the service provider is not authorized to directly initiate charges to the account:
- B. To a licensee who is a producer solely in order to perform marketing for the licensee's own products or services; or
- C. To a participant in an affinity or similar program where the participants in the program are identified to the customer when the customer enters into the program.
 - 3. Examples.
- A. Policy number. A policy number, or similar form of access number or access code, does not include a number or code in an encrypted form, as long as the licensee does not provide the recipient with a means to decode the number or code.
- B. Policy or transaction account. For the purposes of this section, a policy or transaction account is an account other than a deposit account or a credit card account. A policy or transaction account does not include an account to which third parties cannot initiate charges.
- (4) Exceptions to Limits on Disclosures of Financial Information.
- (A) Exception to Opt Out Requirements for Disclosure of Nonpublic Personal Financial Information for Service Providers and Joint Marketing.
 - 1. General rule.
- A. The opt out requirements in subsections (2)(D) and (3)(A) do not apply when a licensee provides nonpublic personal financial information to a nonaffiliated third party to perform services for the licensee or functions on the licensee's behalf, if the licensee:
- (I) Provides the initial notice in accordance with subsection (2)(A); and
- (II) Enters into a contractual agreement with the third party that prohibits the third party from disclosing or using the information other than to carry out the purposes for which the licensee disclosed the information, including use under an exception in subsections (4)(B) or (4)(C) in the ordinary course of business to carry out those purposes.
- B. Example. If a licensee discloses nonpublic personal financial information under this section to a financial institution with which the licensee performs joint marketing, the licensee's contractual agreement with that institution meets the requirements of part (4)(A)1.A.(II) if it prohibits the institution from disclosing or using the nonpublic personal financial information except as necessary to carry out the joint marketing or under an exception in subsections (4)(B) or (4)(C) in the ordinary course of business to carry out that joint marketing.
- 2. Service may include joint marketing. The services a non-affiliated third party performs for a licensee under paragraph (4)(A)1. of this section may include marketing of the licensee's

own products or services or marketing of financial products or services offered pursuant to joint agreements between the licensee and one or more financial institutions.

- 3. Definition of "joint agreement." For purposes of this section, "joint agreement" means a written contract pursuant to which a licensee and one or more financial institutions jointly offer, endorse or sponsor a financial product or service.
- (B) Exceptions to Notice and Opt Out Requirements for Disclosure of Nonpublic Personal Financial Information for Processing and Servicing Transactions.
- 1. Exceptions for processing transactions at consumer's request. The requirements for initial notice in subparagraph (2)(A)1.B., the opt out in subsections (2)(D) and (3)(A), and service providers and joint marketing in subsection (4)(A) do not apply if the licensee discloses nonpublic personal financial information as necessary to effect, administer or enforce a transaction that a consumer requests or authorizes, or in connection with:
- A. Servicing or processing an insurance product or service that a consumer requests or authorizes;
- B. Maintaining or servicing the consumer's account with a licensee, or with another entity as part of a private label credit card program or other extension of credit on behalf of such entity;
- C. A proposed or actual securitization, secondary market sale (including sales of servicing rights) or similar transaction related to a transaction of the consumer; or
 - D. Reinsurance or stop loss or excess loss insurance.
- 2. "Necessary to effect, administer or enforce a transaction" means that the disclosure is:
- A. Required, or is one of the lawful or appropriate methods, to enforce the licensee's rights or the rights of other persons engaged in carrying out the financial transaction or providing the product or service; or
- B. Required, or is a usual, appropriate or acceptable method:
- (I) To carry out the transaction or the product or service business of which the transaction is a part, and record, service or maintain the consumer's account in the ordinary course of providing the insurance product or service;
- (II) To administer or service benefits or claims relating to the transaction or the product or service business of which it is a part;
- (III) To provide a confirmation, statement or other record of the transaction, or information on the status or value of the insurance product or service to the consumer or the consumer's agent or broker;
- (IV) To accrue or recognize incentives or bonuses associated with the transaction that are provided by a licensee or any other party;
- (V) To underwrite insurance at the consumer's request or for any of the following purposes as they relate to a consumer's insurance: account administration, reporting, investigating or preventing fraud or material misrepresentation, processing premium payments, processing insurance claims, administering insurance benefits (including utilization review activities), participating in research projects or as otherwise required or specifically permitted by federal or state law; or
 - (VI) In connection with:
- (a) The authorization, settlement, billing, processing, clearing, transferring, reconciling or collection of amounts charged, debited or otherwise paid using a debit, credit or other payment card, check or account number, or by other payment means;
- (b) The transfer of receivables, accounts or interests therein; or
- (c) The audit of debit, credit or other payment information.
- (C) Other Exceptions to Notice and Opt Out Requirements for Disclosure of Nonpublic Personal Financial Information.

- 1. Exceptions to opt out requirements. The requirements for initial notice in subparagraph (2)(A)1.B., the opt out in subsections (2)(D) and (3)(A), and service providers and joint marketing in subsection (4)(A) do not apply when a licensee discloses nonpublic personal financial information:
- A. With the consent or at the direction of the consumer, provided that the consumer has not revoked the consent or direction:
- B. To protect the confidentiality or security of a licensee's records pertaining to the consumer, service, product or transaction:
- C. To protect against or prevent actual or potential fraud or unauthorized transactions;

Chapter 21 (Financial Recordkeeping), a state insurance authority, and the Federal Trade Commission), self-regulatory organizations or for an investigation on a matter related to public safety;

- J. From a consumer report reported by a consumer reporting agency;

- M. To comply with a properly authorized civil, criminal or regulatory investigation, or subpoena or summons by federal, state or local authorities;
- N. To respond to judicial process or government regulatory authorities having jurisdiction over a licensee for examination, compliance or other purposes as authorized by law; or

- 2. Example of revocation of consent. A consumer may revoke consent by subsequently exercising the right to opt out of future disclosures of nonpublic personal information as permitted under paragraph (2)(D)7.

(5) Additional Provisions.

(A) Protection of Fair Credit Reporting Act. Nothing in this rule shall be construed to modify, limit or supersede the operation of the federal Fair Credit Reporting Act (15 U.S.C. 1681 et seq.), and no inference shall be drawn on the basis of the provisions of this rule regarding whether information is transaction or experience information under Section 603 of that Act.

- (B) Nondiscrimination. A licensee shall not unfairly discriminate against any consumer or customer because that consumer or customer has opted out from the disclosure of his or her nonpublic personal financial information pursuant to the provisions of this rule. Nothing in this subsection shall be construed to prohibit the use of usual, appropriate, or acceptable methods of insurance underwriting.
- (C) Severability. If any section or portion of a section of this rule or its applicability to any person or circumstance is held invalid by a court, the remainder of the rule or the applicability of the provision to other persons or circumstances shall not be affected.
 - (D) Effective Date.
- 1. Effective date. All provisions of this rule are effective on June 30, 2001. This rule expires on December 27, 2001. During the effective period of this rule, no licensee may disclose nonpublic personal financial information to non-affiliated third parties without first complying with the provisions of section (3) of this rule, including subparagraph (3)(A)1.A; however, provided the licensee discloses no nonpublic personal financial information without first giving the notices as required by section (3), the date for complying with the section (2)(A) requiring licensees to provide initial notices is extended until July 1, 2001. For consumers who became customers before July 1, 2001, the initial notices required by section (2)(A) must be given by June 30, 2002.
- 2. Two-year grandfathering of service agreements. Until July 1, 2002, a contract that a licensee has entered into with a nonaffiliated third party to perform services for the licensee or functions on the licensee's behalf satisfies the provisions of part (4)(A)1.A.(II) of this rule, even if the contract does not include a requirement that the third party maintain the confidentiality of nonpublic personal information, as long as the licensee entered into the agreement on or before July 1, 2000.

PROPOSED RULE

4 CSR 30-8.020 Professional Land Surveyor—Professional Development Units

PURPOSE: This rule outlines the professional development standards for professional land surveyors applying for renewal of licensure under the provisions of section 327.041, RSMo.

- (1) Each licensed professional land surveyor, as a condition for renewal of his/her license, shall complete a minimum of twenty (20) professional development units (PDU) each two (2)-year period immediately preceding renewal, except as provided in section (2) of this rule.
- (2) The following are exceptions to the requirement that licensees successfully complete twenty (20) PDUs prior to renewal:
- (A) The licensee can show good cause why he/she was unable to complete the PDU requirements. In the event good cause is shown, the licensee will be required to make up all outstanding required PDUs within a reasonable amount of time as established by the board; or
- (B) The licensee received his/her initial licensure during the preceding two (2)-year period. The licensee will be required to complete an average of one (1) PDU per month for each month of licensure; provided however that the licensee will not be required to complete more than twenty (20) PDUs; or
- (C) If the licensee served honorably on full-time active duty in the military, the licensee may renew his/her license without completing the PDU requirement for the renewal period during which the licensee served.
- (3) A licensee who completes more than twenty (20) PDUs during the two (2) years immediately preceding renewal may carry forward into the next two (2)-year period up to ten (10) PDUs.
- (4) In evaluating PDUs for licensure renewal, the board will be guided by the following standards and guidelines:

- (A) Criteria: In order to qualify as acceptable PDU credit, each activity must:
- 1. Have a clear purpose and objective to maintain, improve and/or expand skills and knowledge obtained prior to licensure or to develop new and relevant skills and knowledge;
- 2. Have a well organized content presented in a sequential manner:
- 3. Show evidence of pre-planning, including an opportunity for input by the target group to be served;
- 4. Be presented by persons qualified by education and experience; and
- 5. Provide information to the licensee necessary for PDU record keeping and reporting purposes.
- (B) Except as otherwise stated in this rule, licensees shall earn one (1) PDU for every fifty (50) to sixty (60) minutes of activity that qualifies as acceptable PDU credit pursuant to this rule.
 - (C) Activities.
- PDU activities must be relevant to the practice of land surveying and may include technical, ethical or business related content.

- 3. Assuming they otherwise qualify as acceptable PDU credit pursuant to this rule, the following activities are acceptable sources of PDU credits:
- A. Successful completion of college or university course earns thirty (30) PDUs per semester hour and twenty (20) PDUs per quarter hour. Auditing or "hearing" a course qualifies for one-third (1/3) PDU credit of that stated herein.
- B. Active participation and successful completion of seminars, tutorials, workshops, short courses, correspondence courses, or televised or videotaped courses.
- C. Attending program presentations at related technical or professional meetings.
- D. Authoring a paper or article earns five (5) PDUs upon actual publication in a regionally or nationally circulated technical journal or trade magazine.

CONTINUING PROFESSIONAL DEVELOPMENT UNITS (PDU) SUBMITTED BY PROFESSIONAL LAND SURVEYORS AUDITED BY THE MISSOURI BOARD OF ARCHITECTS, PROFESSIONAL ENGINEERS AND PROFESSIONAL LAND SURVEYORS

The board may conduct an audit of licensees to verify compliance with the continuing professional development requirements. Licensees shall assist the board in its audits by providing timely and complete responses to the board's inquires. Based on the 912 currently licensed professional land surveyors, it is estimated that the board will audit approximately 5% (approximately 45) of current licensees biennially and request verification of their attendance at approved professional development programs.

The following is a breakdown of the expense and equipment costs associated with auditing PDUs.

The Executive Director will request and monitor receipt of the PDUs from licensees. The Executive I will prepare letters requesting licensees to submit the information, assist with monitoring their receipt, update the computer licensing and mail the information to the members of the board. Three members of the Land Surveying Division of the board will review for approval all PDUs received. The board estimates that each member of the Land Surveying Division will receive a per diem of \$50.00 per day for this review. It is estimated that board members will spend a total of I day reviewing the licensee's PDUs, therefore, the board will pay \$150.00 in per diem for this review. Because other board correspondence may be mailed to the members of the board with PDUs audits, the cost for this mailing was not calculated into this fiscal note.

IV. ASSUMPTIONS

- The number of licensees by class are based on actual figures from FY00 and projected figures in FY01.
- Employee's salaries were calculated using their annual salary multiplied by 33.33% for fringe
 benefits and then were divided by 2080 hours per year to determine the hourly salary. The hourly
 salary was then divided by 60 minutes to determine the cost per minute. The cost per minute was then
 multiplied by the amount of time individual staff spent on the processing of applications or renewals.
 The total cost was based on the cost per application multiplied by the estimated number of
 applications or renewals.
- It is anticipated that the public entity cost will be \$1,672.30 biennially for the life of the rule. The
 total biennially cost will recur each year for the life of the rule, may vary with inflation and are
 expected to increase at the rate projected by the Legislative Oversight Committee.

PUBLIC COST: This proposed rule will cost state agencies and political subdivisions an estimated \$15,269.35 with a continuous annual decrease of \$79.10 annually for the life of the rule. It is anticipated that the total cost to the board to implement this rule will recur annually for the life of the rule, may vary with inflation and is expected to increase annually at the rate projected by the

Legislative Oversight Committee. A detailed fiscal note, which estimates the cost of compliance with this rule, has been filed with the secretary of state.

PRIVATE COST: This proposed rule will cost private entities an estimated \$898,465 with a continuous annual decrease of \$10,455 annually for the life of the rule. It is anticipated that the total cost for private entities will recur annually for the life of the rule, may vary with inflation and is expected to decrease annually at the rate projected by the Legislative Oversight Committee. The decrease in total cost to private entities is due to the continual decline in the number of dentists renewing their license. A detailed fiscal note, which estimates the cost of compliance with this rule, has been filed with the secretary of state.

NOTICE TO SUBMIT COMMENTS: Anyone may file a statement in support of or in opposition to this proposed rule with the Missouri Dental Board, Sharlene Rimiller, Executive Director, PO Box 1367, Jefferson City, MO 65102. To be considered, comments must be received within thirty days after publication of this notice in the Missouri Register. No public hearing is scheduled.

Renewal applications are processed by the division central processing unit. In the past licensees were given the option of requesting up to 5 duplicate renewal licenses without additional costs. Due to the amount of duplicates being issued, the board will now allow 2 duplicate renewal licenses per licensee for no additional cost. Additionally duplicates can be requested for an additional \$5.00 per license. These duplicate licenses are issued by the cash receiving room (CRR) as part of the renewal process. If the request for a duplicate renewal license occurs after the renewal processing time by CRR, dental board staff will be responsible for processing the request. Since this will be the first time the board has charged for duplicate renewal licenses, it is difficult to estimate the number of requests the board staff will process.

In FY02 the board transferred \$5,438.55 to the division for this service.

Once the renewal period has ended, late renewals are processed by board staff. The board estimates that 194 licensees will renewal their license after the expiration date annually. The following is a breakdown of the personal services costs associated with renewing licenses after the expiration date.

 divided by 2080 hours per year to determine the hourly salary. The hourly salary was then divided by 60 minutes to
 determine the cost per minute. The cost per minute was then multiplied by the amount of time individual staff spent on
 the processing of applications or renewals. The total cost was based on the cost per application multiplied by the
 estimated number of applications or renewals.
- The total annual cost will recur each year for the life of the rule, may vary with inflation and is expected to increase annually at the rate projected by the Legislative Oversight Committee.

INITIAL DEEP SEDATION/GENERAL ANESTHESIA INDIVIDUAL PERMIT COSTS

A deep sedation/general anesthesia individual permit allows a dentist to administer deep sedation/general anesthesia. The board anticipates 4 dentists will apply for a deep sedation/general anesthesia individual permit annually.

The following is a breakdown of the expense and equipment costs associated with issuing deep sedation/general anesthesia

individual permits.

Of the 4 dentists applying for a deep sedation/general anesthesia individual permit, the board assumes, based on historical data, that 1 of the 4 permit holders initially applying for a permit will go into an existing practice that already holds a site certificate, therefore this dentist will need to undergo an on-site evaluation by a team consisting of 2 evaluators to confirm the adequacy of the facility and competency of the personnel. Each evaluator will receive a per diem of \$50.00 per day. Therefore, the board estimates \$100 will be paid to the evaluators for per diem. In addition to per diem, evaluators are reimbursed for mileage and necessary expenses. Due to the various geographic locations of the dental facilities and the evaluators it is not possible to accurately estimate the cost the evaluator could incur while conducting a site visit.

The board estimates that issuing deep sedation/general anesthesia individual permits will cost the board approximately \$193.48 annually.

INDIVIDUAL DEEP SEDATION/GENERAL ANESTHESIA PERMIT RENEWAL COSTS

Individual deep sedation/general anesthesia permits are valid for 5 years from the issuance date. The board estimates of the 105 current permit holders, 21dentists will renew their deep sedation/general anesthesia permits annually.

The following is a breakdown of the expense and equipment costs associated with renewing deep sedation/general anesthesia individual permits.

Total personal service costs associated with renewing individual deep sedation/general anesthesia individual permits: \$385.56

Of the 21 dentists renewing their deep sedation/general anesthesia individual permit, the board assumes 17 will also renew their site certificate. Therefore, the 4 dentists who do not hold a site certificate will need to undergo an on-site evaluation by a team consisting of 2 evaluators to confirm the adequacy of the facility and competency of the personnel. Each evaluator will receive a per diem of \$50.00 per day. Therefore, the board estimates \$400 will be paid to the evaluators for per diem. In addition to per diem, evaluators are reimbursed for mileage and necessary expenses. Due to the various geographic locations of the dental facilities and the evaluators it is not possible to accurately estimate the cost the evaluator could incur while conducting a site visit.

The board estimates renewing deep sedation/general anesthesia individual permits will cost the board approximately \$812.82 annually.

INITIAL SITE CERTIFICATE APPLICATION COSTS

A site certificate is issued to each dental office where deep sedation/general anesthesia may occur. The board anticipates 4 dentists will apply for an initial deep sedation/general anesthesia individual permit annually. The board assumes, based on historical data, that 3 of the 4 permit holders initially applying for a site certificate will not be going into an existing practice that already holds a site certificate. Therefore, a new site certificate is required for these 3 permit holders.

The following is a breakdown of the expense and equipment costs associated with issuing each initial site certificates.

Total personal service costs associated with issuing each new site certificates:

The board assumes that a team consisting of 2 evaluators will conduct a site visit as part of the application process to inspect facility equipment and review the emergency protocols and staff credentials. Each evaluator will receive a per diem of \$50.00 per day. Therefore, the board estimates \$300 will be paid to the evaluators for per diem. In addition to per diem, evaluators are reimbursed for mileage and necessary expenses. Due to the various geographic locations of the dental facilities and the evaluators it is not possible to accurately estimate the cost the evaluator could incur while conducting a site visit.

Based on this assumption, the board estimates this application process will cost the board approximately \$370.11 annually.

SITE CERTIFICATE RENEWAL COST

Deep Sedation/general anesthesia site certificates are renewed every five years from the year of issuance. The board anticipates that of the 86 permitted sites, 17 sites will renew their deep sedation/general anesthesia certificates annually.

The following is a breakdown of the expense and equipment costs associated with renewing site certificates.

Total costs associated with renewing site certificates: \$265.08

The board assumes that a team consisting of 2 evaluators will conduct a site visit as part of the application process to inspect facility equipment and review the emergency protocols and staff credentials. Each evaluator will receive a per diem of \$50.00 per day. Therefore, the board estimates \$1,700 will be paid to the evaluators for per diem. In addition to per diem, evaluators are reimbursed for mileage and necessary expenses. Due to the various geographic locations of the dental facilities and the evaluators it is not possible to accurately estimate the cost the evaluator could incur while conducting a site visit.

The board estimates this renewal process will cost the board approximately \$1,987.01 annually.

INITIAL SITE CERTIFICATE APPLICATION COSTS BY GENERAL DENTISTS

A site certificate is issued to each dental office where deep sedation/general anesthesia may occur. The board anticipates 2 general dentists will apply for a deep sedation/general anesthesia site certificate annually.

Total personal service costs associated with \$29.52 issuing initial site certificates for general dentists:

The board assumes that a team consisting of 2 evaluators will conduct a site visit as part of the application process to inspect facility equipment and review the emergency protocols and staff credentials. Each evaluator will receive a per diem of \$50.00 per day. Therefore, the board estimates \$200 will be paid to the evaluators for per diem. In addition to per diem, evaluators are reimbursed for mileage and necessary expenses. Due to the various geographic locations of the dental facilities and the evaluators it is not possible to accurately estimate the cost the evaluator could incur while conducting a site visit.

The board estimates this application process will cost the board approximately \$239.54 annually.

SITE CERTIFICATE RENEWAL COSTS BY GENERAL DENTISTS

Deep Sedation/general anesthesia site certificates are renewed every five years from the year of issuance. The board anticipates that 2 general dentists will renew their deep sedation/general anesthesia certificates annually.

The following is a breakdown of the expense and equipment costs associated with issuing initial site certificates for general dentists.

Total personal service costs associated with \$36.72 issuing initial site certificates for general dentists:

The board assumes that a team consisting of 2 evaluators will conduct a site visit as part of the renewal process to inspect the equipment and review the emergency protocols and staff credentials. Each evaluator will receive a per diem of \$50.00 per day. In addition to per diem, evaluators are reimbursed for mileage and necessary expenses. Due to the various geographic locations of the dental facilities and the evaluators it is not possible to accurately estimate the cost the evaluator could incur while conducting a site visit. The board estimates that 2 site visits will occur annually as a part of the renewal, therefore, the annual cost to the Missouri Dental Board for the site inspections will be \$200.00 annually.

• The board anticipates 2 dentists will renew their site certificate annually. Based on this assumption, the board estimates this renewal process will cost the board approximately \$239.30 annually.

IV. ASSUMPTIONS

- The number of individuals by class are based on actual figures from FY00 and projected figures in FY01.
- Employee's salaries were calculated using their annual salary multiplied by 33.33% for fringe benefits and then were divided by 2080 hours per year to determine the hourly salary. The hourly salary was then divided by 60 minutes to determine the cost per minute. The cost per minute was then multiplied by the amount of time individual staff spent on the processing of applications or renewals. The total cost was based on the cost per application multiplied by the estimated number of applications or renewals.

Renewal applications are processed by the division central processing unit. In FY00 the Missouri Board for Architects, Professional Engineers and Professional Land Surveyors transferred \$892 to the division for this service.

The board estimates that approximately biennially 45 land surveyors will renew their license after the expiration date. The Clerk Stenographer II who reviews these renewal applications and updates the information contained on the renewal to the licensing computer system.

The figures below represent the personal service costs paid by the Missouri Board for Architects, Professional Engineers and Professional Land Surveyors for the renewal and reactivation process.

The hours required to maintain current ACLS certification and/or other board approved continuing education that is required by this rule for renewal every five years are hours that can be used for renewal of the dental license every year. Costs associated with continuing education is reported in the fiscal note for the board rule 4 CSR 110-2.240. Therefore, the board estimates the continuing education requirements for this rule will not result in additional costs to the permit holder.
- The board estimates the private entity cost will be \$5,000.32 annually for the life of the rule. The total annual cost will recur each year for the life of the rule, may vary with inflation and is expected to increase annually at the rate projected by the Legislative Oversight Committee.

III. WORKSHEET

- 1. Modular unit manufacturers are required to affix a seal verifying code compliance to each unit sold in the State of Missouri. This proposal increases the fee for a seal from \$20.00 to \$80.00 per seal and eliminates a \$2.00 handling fee. The proposal also increases the fee for a replacement seal from \$10.00 to \$20.00.
- 2. Ensuring compliance with this rule will not require additional staff.
- 3. The estimated cost of compliance is based on the total number of modular unit seals issued to modular manufacturers, multiplied by the proposed increase in the fee.

IV. ASSUMPTIONS

- 1. Fiscal Year 1999 data was used to estimate costs in this summary. No adjustment for inflation has been applied.
- 2. Actual cost of compliance in succeeding years will vary depending on actual number of seals issued.
- 3. Affected entities are assumed to be in compliance with all other MoPSC rules and regulations.
- 4. Other text amendments proposed in this rule will have no fiscal impact on the state or any private or public person or entity.

PURPOSE: This rule sets forth the extent to which modular unit dealers are responsible for proper initial setup of modular units.

- (1) A dealer who sells a modular unit shall arrange for the proper initial setup of the modular unit unless the dealer obtains from the purchaser or the purchaser's authorized agent a written waiver of that service as described in section 700.100.3(6), RSMo.
- (2) As used in this rule, "proper initial setup" means installation and setup of the modular unit in accordance with the installation manual provided by the manufacturer of the modular unit and in complete compliance with the code and with all of the provisions regarding setup in sections 700.010 to 700.115, RSMo.
- (3) If a dealer fails to arrange for the proper initial setup of a modular unit, the commission may discipline the dealer's registration by suspending it, revoking it, or placing it on probation, pursuant to the provisions of section 700.100, RSMo.
- (4) The commission shall not so discipline the dealer's registration unless the director of the commission's manufactured housing and modular units program finds, incident to an inspection, setup deficiencies and initiates action to discipline the registration within five (5) years after the date of sale.
- (5) The dealer shall legibly print the date of sale on the bill of sale that it provides to the purchaser pursuant to section 700.056, RSMo, and shall maintain a copy of the bill of sale in its files at the location where it sold the modular unit to the purchaser, if possible; otherwise at its principal office.

PURPOSE: This rule applies to the anchoring of any manufactured home purchased or relocated on or after the effective date of this rule. This rule shall not be applicable to any manufactured home which has previously been anchored at its existing location and which has not been relocated subsequent to the effective date of this rule.

- (1) Definitions. The following definitions, as well as those set out in section 700.010, RSMo apply to this chapter:
- (A) Anchor means any device designed to transfer wind loads imposed on a manufactured home to the ground;
- (B) Anchoring equipment means straps, seals, cables, turnbuckles, and tensioning devices, which are used to secure a manufactured home to anchors:
- (C) Anchoring systems means a combination of ties, anchoring equipment, and ground anchors that will, when properly designed and installed, resist overturning and lateral movement of the manufactured home from wind forces:
- (D) Classified soil means soil that has been evaluated through the use of a standard soil torque probe or other approved method to determine anchor-holding capacity;
- (E) Installed means the arrangement and assembly at the occupancy site of all portions of an anchoring system, in accordance with the manufacturer's design, that renders the anchoring system fit for its intended use;
- (F) Stabilizing device means a lateral support device such as a steel plate or a concrete collar used in connection with an anchor to limit lateral movement of the anchor;
- (G) Tie means straps, cable, or securing devices used to connect the manufactured home to the anchor: and
- (H) Unclassified soil means soils that have not been evaluated to determine anchor-holding capacity.
- (2) Anchoring System. Each manufactured home installed after the effective date of the rule must be anchored in accordance with the minimum standards specified in the rule. At a minimum, each anchoring system must also meet or exceed the design wind load requirements for Wind Zone 1, as defined in 3280.305 in the Federal Manufactured Home Construction and Safety Standards.

(3) Anchoring Equipment.

- (A) Load. Anchoring equipment, when installed, must be capable of resisting an allowable working load equal to or exceeding three thousand one hundred fifty (3,150) pounds and must be capable of withstanding a fifty percent (50%) overload (4,725 pounds total) without failure of either the anchoring equipment or the attachment point on the manufactured home.
- (B) Resistance to Weather Deterioration. Anchoring equipment exposed to weathering shall have a coating that is resistant to weather deterioration at least equivalent to that provided by a coating of zinc on steel of not less than 0.30 ounces per square foot of surface (.0005 inch in thickness), and in accordance with the following:
- 1. Slit or cut edges of zinc-coated steel strapping do not need to be zinc coated;
- 2. Flat steel strapping shall be Type 1, Heavy Duty, Finish B, Grade 1, 1 1/4 inches wide and 0.035 inch in thickness, certified by a registered professional engineer as conforming with ASTM Standard Specification D3953-91, Standard Specification for strapping, flat steel, and seals; and
- 3. Seals shall be Class H, Heavy Duty, Finish B, Grade 1, for steel strapping, certified by the manufacturer as conforming with ASTM Standard Specification D3953-91.
- (C) Permanency of Connections. Anchoring equipment shall be designed and installed to prevent self-disconnection when ties are slack.

(4) Tensioning Devices. Tensioning devices such as turnbuckles or yoke-type fasteners shall be ended with clevis or forged or welded eyes.

(5) Ties.

(A) Material.

- 1. Flat steel strapping and seals or other approved methods or materials shall be used for ties. All ties shall be fastened to anchors and drawn tight with turnbuckles or other adjustable tensioning devices or devices approved for use with the anchor.
- 2. Tie materials shall be either as described in (3)(B)2. of this standard or other approved material capable of resisting an allowable working load of 3,150 pounds with no more than twelve percent (12%) elongation and shall withstand a fifty percent (50%) overload (4,725 pounds total).

(B) Attachment.

- 1. Ties shall connect the anchor and the main structural steel frame that runs lengthwise under the manufactured home. Ties shall not connect to steel outrigger or cross beams that fasten to and intersect the main structural frame. Tie-down straps shall be routed from the anchor to the top of the main structural steel frame.
- 2. Tie-down straps shall be attached to the anchor in accordance with the anchor manufacturer's instructions. A permanently attached strap that has been cut off may be spliced, provided an approved splicing device is used.
- (C) Vertical Ties. Vertical ties are not required in Wind Zone 1, as defined in 3280.305 in the Federal Manufactured Home Construction and Safety Standards.

(6) Anchors.

- (A) Performance of Anchors. Each anchor, when installed in classified soil, must be capable of resisting a minimum allowable working load of 3,150 pounds in the direction of the tie, plus a fifty percent (50%) overload (4,725 pounds total) without failure. Failure shall be considered to have occurred when the connection between the tie and anchor moves more than two inches (2") vertically or three inches (3") horizontally when pulled at an angle of 45 degrees under a force of 4,725 pounds.
- (B) Installation and Testing. Each manufactured anchor shall be tested and installed in accordance with the terms of its specified testing procedures and the anchor manufacturer's instructions. Each anchor shall be installed with a minimum of 750 pounds of pre-load with a minimum of four (4) wraps after installation.

(C) Spacing and Location.

- 1. Classified soil.
- A. All anchors shall be installed at the intervals and in the locations specified by the manufactured home manufacturer's installation instructions, and in the correct soil class for which they are approved.
- B. In the event that the manufacturer's installation instructions are unavailable, all anchors shall be installed in accordance with Tables (A) through (C) of this standard included herein, and in the correct soil class for which they are approved.
- 2. Unclassified soil. All anchors installed in unclassified soil shall be in accordance with Tables (A) through (C) of this standard, included herein. A thirty-inch (30") double four-inch (4") helix anchor with a twelve-inch (12") stabilizer shall be used in unclassified soil.

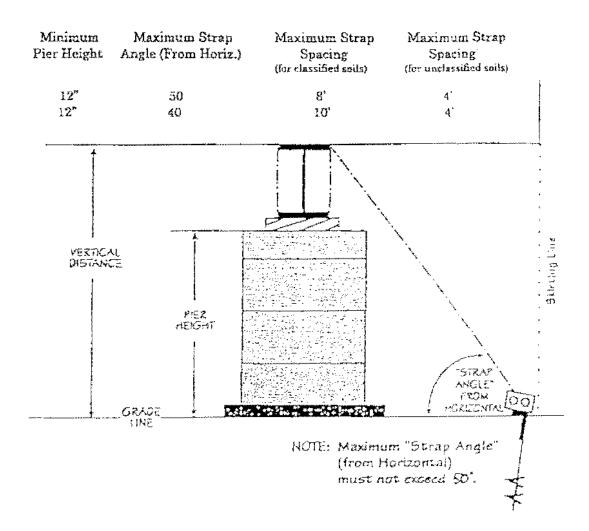

3. Spacing.

- A. Spacing shall be as even as practicable along the entire length of the home with the first anchor on each end no more than two feet (2') from the end of the home.
- (D) Soil Testing. A determination for soil classification should be made at each anchor location through the use of a standard torque probe, as described in ASTM Standard D2573-94, or equivalent method. If no soil classification test is performed for the

anchor location, then the soil at the location shall be considered as unclassified.

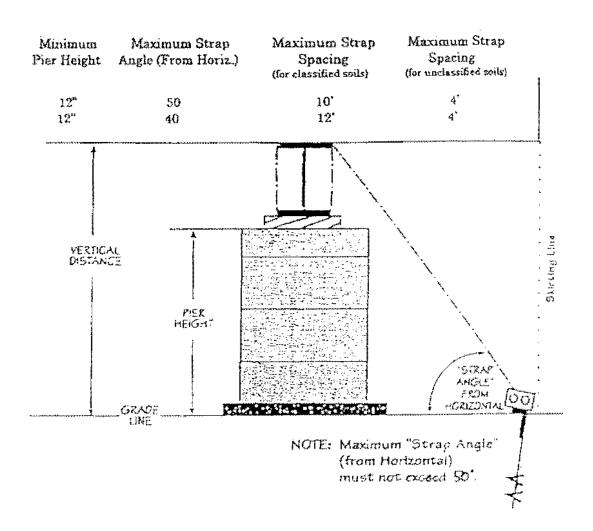

- (7) Diagonal Tie-Down Strap Spacing. Strap spacing for anchors is illustrated in the following tables.
- (A) Tables (A) through (C), included herein, illustrate the strap spacing for single section and multi-section homes with anchors located in classified and unclassified soils.
- 1. Note that the maximum vertical distance is measured from the anchor head to the top of the I-beam (i.e., bottom of the floor).
- 2. The maximum distance to the first tie-down strap at each end of the home shall be two feet (2'0").
- 3. Strap spacing calculations are based on the fact that single disk anchors and double disk anchors have the same holding capacity if installed in accordance with the anchor manufacturer's installation instructions and in the proper soil classification.
- 4. Anchors shall be installed just inside the skirting line in order to maintain the angles identified in each table.
- 5. Anchor strap attachments to the home must be in accordance with the anchor manufacturer's methods.
- (B) Tables (D) and (E), included herein, illustrate the criss-cross strapping system for elevated single and multi-section homes (or portion thereof) to be used in lieu of diagonal tie-down strap spacing tables; and
- (C) Table (F), included herein, illustrates approved methods of ground anchor installation.
- (8) Spacing For Federal Manufactured Home Construction and Safety Standards Wind Zone 1 Conditions.
- (A) If the floor width is 166 inches (typical 14-wide), with I-beam spacing 95–98 inches center to center and the distance from the top of the footer to the top of the I-beam is no higher than 64 inches, anchors shall be spaced eight feet (8') apart for classified soil, or five feet (5') apart for unclassified soil.
- (B) If the floor width is 141 inches (typical 12-wide), with I-beam spacing 75.5–83 inches center to center and the distance from the top of the footer to the top of the I-beam is no higher than 52 inches, anchors shall be spaced six feet (6') apart for classified soil, or four feet (4') apart for unclassified soil.
- (C) Anchors must be installed just inside the skirting line, or as close to the skirting line as possible.

Title 10—DEPARTMENT OF NATURAL RESOURCES Division 10—Air Conservation Commission Chapter 6—Air Quality Standards, Definitions, Sampling and Reference Methods and Air Pollution Control Regulations for the Entire State of Missouri

PROPOSED AMENDMENT

10 CSR 10-6.050 Start-Up, Shutdown and Malfunction Conditions. The commission proposes to amend this rule by amending the Purpose section, adding new sections (1), (2), (4) and (5) and renumbering and amending original section (1) as new section (3). If the commission adopts this rule action, it will be submitted to the U.S. Environmental Protection Agency to replace the current rule in the Missouri State Implementation Plan.

PURPOSE: This amendment will clarify what constitutes a malfunction, start-up or shutdown condition. It will also determine the reporting requirements for each condition. The evidence supporting the need for this proposed rulemaking is the public comment from the U.S. Environmental Protection Agency regarding complaints and Notices of Violation due to excess emissions commonly from the start-up, shutdown and malfunction conditions at air pollution sources.

PURPOSE: This rule, applicable to all installations in Missouri, provides the owner or operator of an installation the opportunity to submit data regarding conditions which result[ed] in excess emissions. These submittals will be used by the director to determine whether the excess emissions were due to a start-up, shutdown or malfunction condition. These determinations will be [the basis for further enforcement action] used in deciding whether or not enforcement action is appropriate.

(1) Applicability. This regulation applies to all installations in the state of Missouri.

(2) Definitions.

- (A) Engineering limitations of equipment—A failure of air pollution control equipment or process equipment that does not classify as a malfunction but causes a release of excess emissions.
- (B) Malfunction—A sudden and unavoidable failure of air pollution control equipment or process equipment or of a process to operate in a normal and usual manner, not to exceed five percent (5%) of the normal yearly operating hours.
- (C) Release—Any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, dumping or disposing into the environment of any air contaminant which becomes, or may become, airborne.

(D) Definitions of certain terms in this rule, other than those specified in this rule section, may be found in 10 CSR 10-6.020.

- (B) The owner or operator shall notify the Missouri Department of Natural Resources' Air Pollution Control Program at least ten (10) days prior to any maintenance, start-up or shutdown, which is expected to cause an excess release of emissions. If notice cannot be given ten (10) days prior to any maintenance, start-up or shutdown, which is expected to cause an excess release of emissions, notice shall be given as soon as practicable prior to the maintenance, start-up or shutdown or orally as soon as practical during normal working hours after the release and no later than close of business of the following working day with written notice to follow within ten (10) working days of the release. The owner or operator of such facility shall notify the Missouri Department of Natural Resources' Air Pollution Control Program in both of the following ways:
 - 1. An oral report including:

- [(A)](D) In the event that a facility did not abide by the requirements of subsections (3)(A) and (3)(B) and [U]upon receipt of a notice of excess emissions issued by the Missouri Department of Natural Resources or an agency holding a certificate of authority under section 643.140, RSMo, the source to which the notice is issued may provide information showing that the excess emissions were the consequence of a malfunction, start-up or shutdown. Based upon any information submitted by the source operator and any other pertinent information available, the director or the commission shall make a determination whether the excess emissions constitute a malfunction, start-up or shutdown and whether the nature, extent and duration of the excess emissions warrant enforcement action under section 643.080 or 643.151, RSMo.
- 1. In determining whether enforcement action is warranted, the director or commission shall consider the following factors:
- [1.]A.Whether the excess emissions during start-up, shut-down or malfunction occurred as a result of safety, technological

- or operating constraints of the control equipment, process equipment or process;
- [2.]B. Whether the air pollution control equipment, process equipment or processes were, at all times, maintained and operated to the maximum extent practical, in a manner consistent with good practice for minimizing emissions;
- [3.]C. Whether repairs were made as expeditiously as practicable when the operator knew or should have known when excess emissions were occurring;
- [4.]D. Whether the amount and duration of the excess emissions were limited to the maximum extent practical during periods of this emission: and
- [5.]E. Whether all practical steps were taken to limit the impact of the excess emissions on the ambient air quality.
- [(B)]2. The information provided by the source operator under [subsection (1)(A)] paragraph (3)(D)1. shall include, at a minimum, the following:

- /8./H. The measures taken to mitigate the extent and duration of the excess emissions; and
- [9./I. The measures taken to remedy the situation which caused the excess emissions and the measures taken or planned to prevent the recurrence of these situations.
- [(C) The information specified in subsection (1)(B) shall be submitted to the director not later than fifteen (15) days after receipt of the notice of excess emissions.]
- [(D)](E) Nothing in this rule shall be construed to limit the authority of the director or the commission to take appropriate action, under sections 643.080, 643.090 and 643.151, RSMo to enforce the provisions of the Air Conservation Law and the corresponding rule.
- (F) Compliance with this rule does not absolve the owner or operator of such facility of liability for the excess emissions reported.

(4) Reporting and Record Keeping.

- (A) The information specified in subsection (3)(D) shall be submitted to the director not later than fifteen (15) days after receipt of the notice of excess emissions. FISCAL NOTE PRIVATE ENTITY COST

I. RULE NUMBER

Title: 20-Department of Insurance

Division: 200-Financial Examination

Chapter: 11-Control and Management of Insurance Companies

Type of Rulemaking: Proposed rule

Rule: 20 CSR 200-11.120 Material Transactions Between Affiliates Under Section 382.050.1(5)

II. SUMMARY OF FISCAL IMPACT

It is estimated that the cost of complying with the proposed rule will average no more than \$3,000 annually in the aggregate, that is for all private entities. The agreements to be filed under the proposed rule are filed currently, so the Department may be overstating the actual cost of this rule to private person.

135 insurance companies and health maintenance organizations	Missouri domestic insurance companies and health maintenance organizations that are part of an insurance holding company system	\$3,000 or less annually

III. WORKSHEET

The Department of Insurance estimates that the annual private entity fiscal impact from the proposed rule will be about \$3,000 in the aggregate, such sum to be paid by domestic insurers (insurance companies and health maintenance organizations). This estimate is based on an estimate that about 15 tax allocation agreements will be filed annually. (Although such agreements are currently being filed as cost-sharing arrangements, they are included in the private fiscal statement for this proposed rule because of a desire to use a conservative basis for cost estimation.) These 15 agreements were multiplied by \$100, which represents the filing fee of \$50 plus and additional \$50 for preparation of the Form D notice. Added to the resulting

product of \$1500 was another \$1500, the latter based on an estimated 15 agreements annually being filed under section (2)(B) of this proposed rule.

IV. ASSUMPTIONS

This estimate is based on an estimate that about 15 tax allocation agreements will be filed annually. (Although such agreements are currently being filed as cost-sharing arrangements, they are included in the private fiscal statement for this proposed rule because of a desire to use a conservative basis for cost estimation.) These 15 agreements were multiplied by \$100, which represents the filing fee of \$50 plus and additional \$50 for preparation of the Form D notice. Added to the resulting product of \$1500 was another \$1500, the latter based on an estimated 15 agreements annually being filed under section (2)(B) of this proposed rule.

Particular attention should be paid to the requirements for the number and residence of the members of the board of directors and the place where the principal office for the conduct of the insurance company's business will be conducted. - (D) Upon notice from the company that the steps listed in subsection (C) have been completed, the DFR will contact the insurance company to schedule a pre-licensing examination. Among other things, the examination will verify the statutory deposit, compliance with financial requirements, the location of the insurance company's principal place of business, the filing of any necessary policy or endorsement forms, and the competency and integrity of the insurance company's officers and directors; and

Title 20—DEPARTMENT OF INSURANCE Division 200—Financial Examination Chapter 17—Admissions

PROPOSED RULE

20 CSR 200-17.300 Procedure for Redomestication

PURPOSE: The purpose of this rule is to prescribe forms and procedures to be followed in redomesticating an insurance company from or into the state of Missouri. This rule also effectuates and aids in the interpretation of section 375.908, RSMo.

(1) Redomestication to Missouri from Another State. In order to redomesticate an insurance company organized under the laws of any other state to the state of Missouri, the insurance company

shall comply with the following forms and procedures in the chronological order set forth below beginning with subsection (A):

- (A) The insurance company must obtain a certificate of authority to transact an insurance business in the state of Missouri, if not previously obtained;
- (B) The insurance company must obtain the approval of the current state of domicile to redomesticate to Missouri. This approval may be either unconditional or conditioned on future events such as Missouri's acceptance of the redomestication;
- (C) The insurance company must apply for redomestication to Missouri. The law (section 375.908, RSMo) requires a company redomesticating to Missouri to comply with all the requirements of law relative to organizing and licensing a domestic insurer. This means that the company must:
- 1. Locate its principal place of business at a place in Missouri;
- 2. Issue a declaration and amend and restate its articles of incorporation to comply with the requirements of Missouri law. See sections 376.010 to 376.120, RSMo (life insurance companies) and 379.010 to 379.065, RSMo (other than life). A declaration of intent to redomesticate will be accepted as a substitute for a declaration of intent to form. The amended and restated articles will be accepted as a substitute for the charter. The directors will be acceptable substitutes for the incorporators;
- 3. Publish the declaration and the amended and restated articles as required by law. The declaration may reflect the intent to redomesticate rather than the intent to form;
- 4. File with the Division of Financial Regulation (DFR) of the Missouri Department of Insurance (MDI) an affidavit of publication from the publisher of the amended and restated articles, the amended and restated articles in triplicate original, the order from the current state of domicile approving the redomestication, and an application for an amended certificate of authority (which will state among other things, the location of the principal place of business); and
- 5. File with the MDI's Property and Casualty Section or the Life and Health Section (whichever is applicable) any amended policy forms or endorsements as may be needed to reflect Missouri as the insurance company's state of domicile;
- (D) If the insurance company's filings are in compliance with the applicable laws and regulations relating to a Missouri domestic insurance company, the DFR will cause the articles to be reviewed by the Missouri attorney general (AG). Upon receipt of the AG's certification, the DFR will file the articles and a copy of the AG's certification with the Missouri secretary of state for the issuance of a certificate of incorporation. (The secretary of state may require the payment of certain fees and taxes before issuing the certificate of incorporation);
- (E) Upon receipt of the certificate of incorporation, the DFR will contact the insurance company to schedule a pre-licensing examination. The scope of this examination will vary depending on the circumstances, including the extent and as of date of the insurance company's most recent examination. Among other things, the examination will verify the statutory deposit, compliance with financial requirements, the location of the insurance company's principal place of business, the filing of any necessary policy or endorsement forms, and the competency and integrity of the insurance company's officers and directors; and
- (F) Based upon the recommendation in the report of the prelicensing examination, the DFR will cause the completion of the redomestication process. Redomestication is complete upon the issuance by the director of the MDI of a certificate of authority amended to reflect Missouri as the insurance company's state of domicile.
- (2) Redomestication from Missouri to Another State. In order to redomesticate an insurance company organized under the laws of the state of Missouri to another state, the insurance company shall

- comply with the following forms and procedures in the chronological order set forth below beginning with subsection (A):
- (A) The Missouri domestic insurer must request the DFR to approve a redomestication to a specified state and provide evidence that the Missouri domestic insurer is admitted to do business in that state. The DFR will then cause the MDI to issue a contingent approval and state the terms for finalizing the redomestication and making the contingent approval absolute.
- (B) After receipt of the contingent approval, the insurance company shall obtain and file each of the following:
- 1. A certified copy of the state's order approving the redomestication;
- 2. An application to amend certificate of authority (form enclosed);
- 3. A certified copy of amended or restated articles of incorporation from new state of domicile;
- 4. A certified copy of certificate of authority from new state of domicile:
- 5. An appointment of the director of the MDI as agent for receipt of service of process; and
- 6. The filing fee for amending the Missouri certificate of authority.
- (C) The DFR will cause the MDI to make the contingent approval absolute after the insurer files all items described under subsection (B) of this section.

AUTHORITY: section 374.045, RSMo 2000. Original rule filed June 14, 2001.

PUBLIC COST: This proposed rule will not cost state agencies or political subdivisions more than \$500 in the aggregate.

PRIVATE COST: This proposed rule will not cost private entities more than \$500 in the aggregate.

NOTICE OF PUBLIC HEARING AND NOTICE TO SUBMIT COMMENTS: A public hearing will be held on this proposed rule at 9:30 a.m. on August 22, 2001. Title 10—DEPARTMENT OF NATURAL RESOURCES Division 25—Hazardous Waste Management Commission

MISSOURI HAZARDOUS WASTE PROGRAM (Risk-based Cleanup Levels for Missouri)

The Missouri Department of Natural Resources will release a 2001 update of Tier 1 Standards for soil and groundwater target concentrations (STARC & GTARC) for its risk-based *Cleanup Levels for Missouri* (CALM) document. CALM is a risk-based approach to establishing cleanup levels for contaminated property. The Tier 1 Standards are contained in Table B1 and supported by Tables A3 and A4. Table B1 is a simple look-up table for determining conservatively derived risk-based target concentrations for the remediation of voluntary cleanup sites in Missouri. Supporting data tables A3 and A4 will also be updated.

The exposure pathways and formulas used to generate the look-up table are primarily based on USEPA's 1996 Soil Screening Guidance document (USEPA, 1996d) as modified for Missouri. The department coordinated with the Missouri Department of Health on this new table.

This is the first update since the release of the CALM document in 1998 and updates are planned approximately every 2 years. The 2001 updated Tier 1 standards will become effective September 1, 2001, and they will be applied to all new sites entering the program after this date. They will not be retroactive to VCP sites already using an approved remedial action plan under the current

CALM standards. However future activities at those sites may be subject to the new standards if remediation takes place after September 1, 2001.

Release of the new tables will be through the department's web page and also the Voluntary Cleanup Program web page (www.dnr.state.mo.us/deq/hwp/hwpvcp.htm). Plans are also underway to update the rest of the CALM document in the near future.

Questions concerning the updated tables and CALM in general may be directed to the Missouri Department of Natural Resources' Hazardous Waste Program at (573) 751-3176.
